

If I Could Fly

Song © 2008 Larry LeBeau

lyrics by Larry LeBeau and Jacqui LeBeau

If I could fly
Such a wondrous thing
If I could fly
Oh how I would sing

I would sail across the sky so high
Catching moonbeams going by
All the world could hear me sing
Think of all the joy I'd bring

If I could fly
Strange as it may seem
If I could fly
That's my grandest dream

I would glide so far and wide
Over mountains, lakes and streams
Chase the sun across the sky
Oh, nothing's hard for me

Now I can fly
With no bounds, I'm free
Now I can fly
I knew it would be

There is no thrill to compare
No better song to share
All I wished for was the chance to fly
Now I can touch the sky

If I could fly
Such a wondrous thing
If I could fly
Oh, how I would sing

How I would sing
How I would sing

“If I Could Fly”
